Thoroughbred Charities of America
Central Kentucky Riding for Hope is the grateful recipient of a grant from the Thoroughbred Charities of America in 2016. This funding enables us to care for the wonderful Thoroughbreds in our herd who help us deliver services to individuals with special challenges. This grant award is

deeply appreciated by CKRH and we thank TCA for their consideration. We were also so proud to be selected as the Charity of the Month on the [TCA website](#).

TCA's mission: *To provide a better life for Thoroughbreds, both during and after their racing careers, by supporting qualified repurposing and retirement organizations and by helping the people who care for them.*

TCA is a charitable organization that provides grants to non-profit organizations that work toward improving the lives of Thoroughbred racehorses and the people who

care for them. TCA offers the Thoroughbred industry and its supporters a way to give to one organization while helping many.

THANK YOU!

YMCA HORSE CAMPS were a summer success!

Week 4 of YMCA concluded on Friday, July 29 and fun was had by all. Campers working in teams learned basic riding skills, experienced hands-on horsemanship such as grooming, tacking, leading, bringing horses to and from the field, and general horse behavior. When not riding, campers did activity sheets and puzzles to learn grooming tools, horse parts, horse markings, parts of a saddle and bridle and barn safety. Many friendships were forged both human and horse!

Volunteer News

Only 12 days until the 3rd Session starts! We are still looking for volunteers for Monday evenings, if you are available to lead or sidewalk please contact email fail

Current Volunteers - Watch for the upcoming online Annual Renewal Form. Equiforce will be up and running

very soon and we will need the information updated for all of our active volunteers. Thank you so much for your patience as we transition to the new software!

CKRH Survey

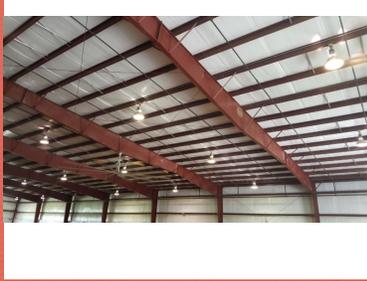

Recently, we sent out a short survey in order to get feedback. Please help CKRH by filling it out and letting us know what you think. The deadline for submission is Noon **Aug 8th**.

Equine Facts

Horses hooves are like our fingernails. They require trimming every 4-6 weeks. And like our fingernails, we sometimes paint their hooves with conditioner to help improve the health of the hoof.

We cannot thank our farrier, Jim Brocota of Brocato Farrier Services, enough for all donated services!

August is Bright!

Our indoor arena will shine bright this session. We are installing much needed new lights to go along with the new footing in the arena. It will be so bright in there - the horses might even have to wear sunglasses!
