PATH Intl. Conference

Lisa Swanson, Equine Manager and PATH Certified Instructor, attended the PATH Intl. Conference this past November in San Antonio, TX. She and Charlotte Easley (LCSW) co-presented and did a great job on their presentation: *"Creating Routine for Preparation, Execution, and Release for the EFL/EFM Team in a Trauma Informed Relational Model"*

Charlotte has an office here at CKRH and incorporates our herd in some of her therapy sessions.

Good Giving Challenge

We have been changing lives here at CKRH for 36 years! What we like to call the #CKRHMagic impacts everyone from our volunteers and staff to anyone who stops in for a quick visit.

You can help spread this magic today by donating to CKRH through the [Good Giving Challenge](#).

Eat at COLES, Support CKRH

It's the perfect time to warm up by a fire at Cole's 735 Main and enjoy a scrumptious meal. Simply dine at Coles between 5-10p.m. on Wed, Dec 6 and a percent of the evening's proceeds will be donated to CKRH. You won't find a more delicious way to give this holiday season!

Chico Wins Major Awards

CKRH is proud to accept the **American Hippotherapy Association (AHA) Horse of the Year** for Chico as well as the **PATH Region 4 Horse of the Year** award. Chico has been with CKRH for over 15 years and truly deserves these awards for all he has done to help our participants.

STABLES News

One of our STABLES students, Savannah Smedley, presented to 20 of her peers on "How to Tell the Age of a Horse", using Annie, Doc and Desi.

During her presentation Savannah had students evaluate the teeth to accurately tell that horse's age. The students were then asked to defend their opinion, and Savannah helped guide them to correct answer. The presentation was a success! Many of the students walked away talking about all that they had learned.
