

Improving Lives Through the Power of the Horse

February CKRH NEWSLETTER

February/ 01 / 2017

THANK YOU

The 2016 Annual Fund was such a success that Marigold had to sit down when she heard! Thanks to many of you the Annual Fund exceeded our expectations. These contributions are vital to the administrative expenses associated with operating our premier center.

We love what we do at CKRH and appreciate the support of our volunteers and donors.

Welcome to Our New Board Members

CKRH has had a wonderful friendship with Hagyard Equine Medical Institute for many years. Now we are thrilled to welcome two of Hagyard's finest to our Board of Directors.

Dr. Kristina Lu, VMD, DACT, is returning to the Board after a brief leave. Kristina has been a longtime advocate for CKRH and has helped us receive a variety of in-kind donations.

Originally from Philadelphia, PA, she moved her practice to Hagyard in 2005. Her passion is Theriogenology (Animal Reproduction Specialist).

Dr. Stuart Brown, DVM, has also been a long-time advocate for CKRH and a continued supporter of our annual NIGHT OF THE STARS gala.

Stuart began at Hagyard in 1991 and his practice specializes in equine reproduction within the Thoroughbred industry in Central Kentucky. He has served on Hagyard's Executive Committee for the past 12 years and is actively involved in the management and planning of their multi-disciplined practice.

Equine News

The STABLES students get involved in all aspects of CKRH. Under the watchful eye of Alyss Hudson, our Equine Care Assistant and TR Instructor, and Kathy Lindsey, the STABLES Instructor, students are getting involved in preparing horses to be used in Therapeutic Riding by being leaders and sidewalkers in mock lessons. Great experiences for horses and students.

Sponsorship Available

The Paul Frazer Memorial has a variety of sponsorship opportunities ranging from as little as \$50 to \$1,000 - making it a great opportunity for individuals and businesses.

As a sponsor, you will be supporting a unique event offering both combined tests and dressage competitions as well as

adapted classes for riders with disabilities.

Stables Update

In our continuing program to provide comfort and high quality care to our equine partners, Dr. Smith and Dr. Tanner of Rood & Riddle Equine Hospital came in to provide dental services to our herd in January. Students from the STABLES program received hands-on training by taking notes, rinsing mouths, holding heads, and helping out wherever they could. Some of them were even brave enough to put their hand in a horse's mouth! Dr. Smith did a great job of patiently explaining everything and having the students pitch in.

Grant Provides New props and equipment for Programming

Thanks to the generosity of the [Steele-Reece Foundation](#), CKRH was able to purchase much-needed props and equipment which will be used across all programming. It will enable both the indoor and outdoor arena to be well stocked for activities. Included on the list were rainbow reins, colored cones, colored cone covers with message pockets, ground poles, 3 pole bending sets, 15 new royal blue dressage pads, toe cages for stirrups, rings, bean bags and a cabinet to house the items. We will put all to good use for years to come.
